INSURANCE OFFICES

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in bin or live stock, &c, from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected POSITIVELY by LIMITED FARM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

FIRE INSURANCE COMPANY.

Office in Martin's Block, Milwaukee.

Capital over $165,000—in Cash and Premium Notes.

THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire.

The advantages offered, are security beyond the reach of circumstances as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2000 Policies, and finds but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

Female Complaints

Of these are PROLAPSUS UTERI, or Falling of the Womb, FLUOR ALBUS, or Whites,—CHRONIC INFLAMMATION, AND ULCERATION OF THE WOMB; INCIDENT AT HEMORRHAGE, or Flooding; PAINFUL, SUPPRESSED AND IRREGULAR MENSTRUATION, &c, with all their accompanying evils, (Cancer excepted) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.

I have no hesitation in saying Dr MARCHISI's UTERINE CATHOLICON is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.

JOHN C ORRICK, M D,
Baltimore, Md

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help.

Truly Yours,
WM LAIRD HAZLETT, M D,
July 6th, 1854 New Philadelphia, Ohio

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation and diseases of irritation of the female organs.

D Y FOOTE, M D,
Syracuse N Y

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof from the most respectable sources, of the beneficial results of its use; together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observation.

INSURANCE OFFICES

Highly Important to Farmers.

The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,

Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c, from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereof.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, but your own of the same class, and all will be on an equal footing

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property In this Company all such property is rejected POSITIVELY by INSURING FARMS ALONE

Farmers, look to your own interest, and insure in a Farmers' Company

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance

Office in Martin's Block, Milwaukee.

Capital over $165,000—in Cash and Premium Notes

THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of circumstances as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion Every person insured is a member of the Company, and entitled to one vote The cost of insurance does not exceed one third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar Its business is principally confined to this State

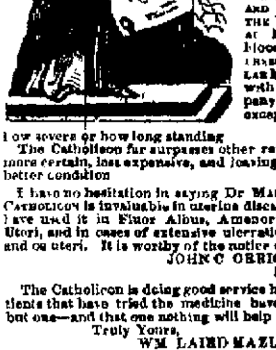
DR. J. B. MARCHISI'S

CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Females



IT STANDS PREEMINENT for its curative powers in all the diseases for which it is recommended usually called

Female Complaints

Of these are PROLAPSUS UTERI, or Falling of the Womb, FLUOR ALBUS, or Whites,—CHRONIC INFLAMMATION, AND ULCERATION OF THE WOMB; INCIDENT AL HEMORRHAGE, OR Flooding; PAINFUL, SUPPRESSED AND IRREGULAR MENSTRUATION, &c, with all their accompanying evils, (Cancer excepted) no matter how severe or how long standing

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition

I have no hesitation in saying DR MARCHISI'S UTERINE CATHOLICON is invaluable in uterine diseases generally I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty

Truly Yours,

I must say, from my own experience and personal observations in my practice it has proved to be the best and surest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation and diseases of irritation of the female organs

Milwaukee & Mississippi Rail Road Receipts for 1854.

We have obtained from the office of the M & M R R Co the following statement of the receipts of the company for the month of December and also for the year 1854 as compared with 1853

For December the receipts are as follows subject to some slight alterations probably, in waybills

Passengers	$12 126 14
Freight,	16 883 91
Total,	$29 010 35

In January last the road was running to Stoughton within 16 miles of Madison, and as that distance is the whole extension of the road during 1854 the large increase in business exhibited below must be in a great degree ascribed to the rapid developement of the resources of the country through which and into which it passes The table gives the aggregate receipts of each month of 1854 *as compared* with the *correspond*ing month of 1853

	1853	1854
January,	$10 801 25	$33 924 29
February,	8 930 86	26 192 31
March,	8 113 41	20 773 98
April	8,914 38	18 318 4[illegible]
May	13 987 99	41 7[illegible] 31
June,	13 581 [illegible]	4[illegible] 21
July	16 177 00	35 5[illegible] 51
August	18 276 16	42 104 26
September	35 297 13	[illegible] 64
October	41 597 91	71 776 01
November,	27 050 17	51 8[illegible] 33
December,	19 147 50	29 010 35
Total,	$226 918 48	$464 337 73

Showing an increase of about 104 per cent over the previous year—an increase which will scarcely be exceeded in this country by any other rail road without a large extension of its length

By another 1st of January, we shall doubtless be able to show a considerable lengthening of the line of and larger receipts on this road and handsome figures for three other roads leading into our city.

The estimate of the Superintendent of the M & M R R for 1854 was $400 000

THE "KNOW-NOTHING" PLOT —The Racine *Advocate* which was one of the parties to the "Know-Nothing" plot, recently revealed to an astonished world thro' the columns of the Know-Nothing organ the *News,* thus notices this latest, and weakest invention of the Pro-Slavery Democracy

The above *article* betrays the real spirit of the Hunker *press* What they cannot obtain by secret lies they attempt to achieve by open libels and public slander As far as we are concerned we throw the contemptible insinuation into the teeth of the publisher and his informant

"RACINE ADVOCATE"—Mr A C SANFORD has succeeded *Mr Clement in the proprietorship* of the Daily *Racine Advocate* From the tone of his introductory *we judge that the paper* will be as heretofore, an able and faithful advocate of Republican *principles*

STOCKS AND BONDS IN WALL STREET —Among the auction sales of stocks and Bonds in Wall Street on Thursday last we note the following

The money market is improving and State Stocks continue to rise Missouri 6's are quoted at 90 Virginia's 92a92½ North Carolina's 94a94½ being the latest selling rates These are the stocks deposited with the Comptroller as security for notes of the Oshkosh City Bank

☞ The Philadelphia *North American* says, that Senator DODGE loses $10 000 by SELDEN WITHERS & Co's failure—a considerable part of his private fortune

INDIANA BANKS —The Indianapolis *Journal* says the following banks are rejected because they have no place of doing business—no owners in fact, that anybody can find—and don't redeem their paper *in coin, currency or exchange.* Bank of America, Morocco, Bank of Connersville, Connersville, *Drovers'* Bank, Rome, Elkhart County Bank Goshen, Merchants' Bank, Lafayette *Merchants' Bank,* Springfield Northern Indiana Bank, Logansport, Orange Bank, Poseyville, State Stock Bank, Logansport State Stock Peru, Traders' Bank Terre Haute

CONVICTION OF GREEN —As will be seen by our Telegraphic despatches GEORGE W GREEN has been convicted at Chicago, of the murder of his wife The case occupied 12 days and the Jury were out 5 hours The Chicago press, without exception, endorse the verdict as a just one

BANK OF THE WEST —Reports unfavorable to the Bank of the West at Madison have been in circulation but, we are assured on good authority, are unfounded the bank being in a sound condition, and having returned a portion of its circulation in order that bill-holders might be entirely secured, in any *contingency*

DISTURBANCE AT A BALL —We learn that quite a disturbance occurred at Waukesha, Monday night in consequence of an attempt by some outsiders to force an entrance into a Ball Room where their company was not wanted They were forcibly resisted and finally repulsed several of them getting pretty roughly handled—One or two of the assailants were arrested and lodged in jail

COMMERCE OF SHEBOYGAN —We are under obligations to Mr LYNCH Collector of Sheboygan for promptly forwarding to us a copy of his report showing the Imports and Exports of Sheboygan for the past year It will be found in this morning's paper and shows how rapidly the trade and commerce of Sheboygan are growing

CRIMINAL STATISTICS OF MILWAUKEE COUNTY —We are indebted to Sheriff CONOVER for the *interesting* statement published this morning, embodying the criminal statistics of this County for 1854

MAIL ARRANGEMENT —Information has been *received* from Mr Armstrong, Postmaster, now at Washington that arrangements have been effected by which the Southern mail will hereafter be forwarded and *received by way of Cairo,* on the Illinois Central and Ohio and Mississippi railroads

Another important change ordered is a *direct* mail bag or package from this city to *California* Heretofore it has been customary for matter mailed in this office to be sent to New York or New Orleans, where it had to be distributed again before it was sent *upon its destination* By this new arrangement, several days' delay in the transmission of the mail between St Louis and San Francisco will be obviated

In this connection we would state that the mail for Salt Lake leaves Independence on the 1st of January and will go out under an escort of Dragoons to Fort Laramie, where, it is anticipated another and efficient *force* will accompany it to Salt Lake —[St Louis Republican

☞ Ephraim Littlefield, somewhat *notorious* as the chief witness in the trial for the murder of Dr. Parkman, has in consequence of a painful disease of the ear, become insane —[Boston Traveller

DEAR FOOD —We understand by a gentleman from Jefferson county that superfine flour is selling at $13 00 per bbl in that *region,* and in some instances as high as $13 00 Wheat is worth $2 50 and corn $1,00 per bushel —Pittsburgh Post

Condensed Summary of News.

The mails of the past two days have brought us a mass of interesting intelligence for which we can *only find room* in a condensed form

The full details of news by the *America* contain many items of importance Concerning the movements of the allied fleet in the Black Sea, we have the following.

Admiral Hamelin left on the 15th in the Mogador for the Bay Kamiesh where he has gone to hoist his flag on board the *Montezuma* It was generally believed that he was about to return to France The same day the Ville de Paris and the Friedland sailed for Constantinople, towed by the Mogador and Descartes The Bayard was *to* follow the next day and to be taken in tow by the Napoleon All these ships were going to refit, even the Napoleon had her rudder damaged. The ships least injured were to remain at anchor in the bays of Kamiesh and Kazatch at the entrance to which stockades and batteries had been erected. The Magellan, Brandon and Berthollet were employed in removing the guns and stores of the Henri IV and Pluton, whose crews are to form part of the garrison of Eupatoria, and to man the heavy guns mounted on the ramparts

The carnage at the battle of Inkerman was greater than was at first supposed The Paris *Moniteur* says

That the results then known of the battle of Inkerman by far exceed the first estimate Thus the dead bodies were counted one by one, and upward of 5 000 Russian corpses had been interred The total loss of the enemy on that memorable day amounts to between 18,000 and 20 000 The Russians appear to have changed for the present their plan of campaign They have destroyed the bridge of Inkermann, and retired to the heights on the right bank of the Tchernaya, only leaving in the plain the division of General Liprandi and the cavalry

Sir Charles Napier has asked and obtained leave to return home, leaving his fleet and Kiel, in the entrance to the Baltic Rear Admiral Chads succeeds him

Immense quantities of *clothing* and *stores* are going out to the Black Sea from England One paper announces the delivery of the following supply

44 000 for cloaks 14 000 for caps (helmets,) 44 000 fur gauntlets (gloves) 44,000 water-proof capes, 11,000 long boots (cowhide material) 44,000 suits of inner clothing, 44 000 pairs of leggins 10,000 suits of fur clothing for officers

The large iron works at Low Moor are fully employed An order from government has been received for 100 guns of immense calibre, we believe Lancaster oval guns, which, will throw a ball weighing 94 lbs. Beside this, the company have another large order for cannon, which they are executing at the rate of 18 guns per week

Minie rifles to the number of from 1,100 to 1,200, are now being sent into the Ordnance store weekly.

Upward of 500 *tons roundshot* and shell are now in course of delivery at the Royal Arsenal Woolwich, for service in the Crimea

The woollen manufacturers in the neighborhood of Heckmondwike, in consequence of the government orders in course of execution, continue busy An order for 20 000 horse blankets was recently received by one firm, the whole of which was executed in little more than three weeks An order for 30 000 pairs of blankets, of a superior quality, destined for the seat of war in the East was also speedily completed

FROM NEBRASKA.—It seems now pretty well ascertained that Mr Giddings who is an anti slavery man, is elected delegate to Congress from the new Territory of Nebraska, and elected, *too,* by the votes of the people of Nebraska

BOSTON CORNERS —This isolated town of 1800 acres on the hither side of the Taghkanic Mountain, nominally belonging to *Massachusetts,* but separated from intercourse with that state by an impassable barrier, is at *length formally* annexed to New York The Bay State is not sorry to lose, and New York is not proud to gain the territory whose inhabitants have a bad reputation

☞ By the new Elmira & Williamsport connection, the railroad distance between Buffalo and Philadelphia is 420 miles, or about the same distance as between Buffalo and New York

☞ A destructive fire took place in Toronto C W on the 29th, consuming the cabinet factory of Messrs Jaques & Hay with a loss of $120 000 The establishment employed over 200 hands

☞ Gov Medill, of Ohio, has refused to call an extra session of the Legislature

☞ It is stated that the Territorial Committee of the House of Representatives has reported back and urges the passage of the Senate bill granting two million acres of land in aid of a subterranean line of telegraph from the Mississippi river to San Francisco

☞ An importing house in New York has written a letter stating that the amount of duties paid for French artificial flowers, *for the first,* quarter of the current fiscal year, was almost double the amount of duties paid on *railroad* iron The Philadelphia *Ledger* is responsible for the story Another *item of extravagance* is mentioned in relation to silks it being calculated that the aggregate *cost of silks* imported during the last four years is *one hundred and seventeen millions of dollars!*

THE PROPOSED MEDIATION —It is stated that Messrs Van Buren,Tyler, and Fillmore are spoken of as the commission to Europe to offer the mediation of this country between the belligerent powers The revival of John Tyler would be a highly appropriate act for this administration

☞ On the 18th ult , Dr Hoey was elected Auditor of State by the Arkansas Legislature —This was considered a victory of the Know-Nothings A resolution against the Know-Nothings was defeated in the Arkansas House of Representatives three or four weeks ago, by a vote of two to one

The Whigs and Democrats of Pittsburg have united upon Mr Voltz the present mayor, for re election, against the Know Nothings.

SALT —The amount of salt inspected at the Onondaga Salt works for the past year reached 5,800 000 bushels, being the largest amount yet manufactured in one year, and an increase of 400 000 bus. over last year The average price per bbl has been $1,50 Some 200,000 bus. are still on hand

☞ A new process of daguerreotyping, called the Ambrotype," has been introduced in Boston The picture is taken upon plate glass, after which a similar glass is placed over it, and the two are cemented together by an indestructible gum, rendering the picture entirely impervious to atmospheric influence, and securing it at the most perfect durability

The pictures are not reverse, as in the ordinary daguerreotyping process, and they are immediately perceptible in any light without the necessity of change of position

The above is an invention of a Mr Cutting, of Boston who has secured patents in *this country,* Great Britain and France

☞ Great dissatisfaction is represented by the Detroit *Advertiser* as existing at that city, on account of the lack of facilities for freighting on the Great Western Railroad That paper states that *large quantities of flour* and *pork* have been damaged by delay and exposure to the weather A contract for $50,000 worth of pork, has been refused by a Detroit house, on account of the difficulty in getting it forward

☞ The ship *St Patrick,* wrecked on the New Jersey coast has gone to pieces

☞ A writer in the London *News* represents the total force of the allies in the Crimea at about 121 900 men, and that of the Russians at about 200 000 This was on the 18th of November

☞ The English mail steamer *Forerunner* was sunk by striking a rock on the African coast on the 25th of October, and 14 persons drowned.—The crew acted the same cowardly part as did those of the *Arctic* *The captain went down with* his ship

The English transport ship *Charlotte,* with reinforcements for the Crimea, was wrecked in Algo Bay on the 20th of September, and 62 soldiers, 11 women, 26 children, and 16 of the crew drowned—in all 115

☞ The Minister from Costa Rica has made an energetic protest against Col Kinney's transactions with the bogus Musquito King for territory in Central America.

☞ The captain of the schooner *Lewis Perry,* from Tampico on the 4th, reports that the schooner *Mary Caroline,* a regular trader between New Orleans and Tampico, had sailed from the latter place and come to anchor on the bar, when a boat from Tampico with government officers, boarded the schooner, and took from the captain all his letters for New Orleans, inflicting a fine of $1 each for every letter he had on board

Criminal Statistics of Mil. Co. for 1854.

MESSRS EDITORS —The *following* is a statement of the number of prisoners committed to *the County Jail of Milwaukee county,* showing the crimes and offences for which they were committed, together with the number that were sentenced to imprisonment in this Jail and State Prison upon conviction, for the year ending Dec 31, 1854 The number of male prisoners, charged with various crimes and misdemeanors, are as follows

Incest,	1
Making threats of violence,	2
Drunkeness and breach of the Peace,	33
Assault and battery,	5
Vagrancy,	2
Total,	58
Amounting in all to	149

Of the above the number of males that have been *convicted and sentenced* to the jail, are as follows

For larceny 22, assault and battery 11, in default of bail to keep the peace 7 violating city ordinance 1 cruelty to animals 3, civil process 1

The number of females sentenced to the jail are—

For larceny 4 in default of bail to keep the peace 8, assault and battery 3

The number of males convicted and sentenced to the State's Prison, are

For murder 1, incest 1, burglary 2 larceny 16 counterfeiting 2, robbing U S. mail 1 Total 23 Females convicted and sentenced to the State's Prison for larceny 1 incest 1 making in all 25

There are 22 prisoners now confined in jail, 9 of whom are awaiting trial The greatest number imprisoned at any one time was 52 in addition to twenty-five who were kept for a few days in the Court House under guard There have been five deaths, all from cholera, and one marriage, in which case the prisoner was discharged, having answered the requirements of the law,

Notwithstanding the jail has been crowded during the whole of the past summer with twice the number for which it was originally intended, there has been but little sickness with the *exception* of the cholera, except from diseases that were contracted *outside* *During the month of August* over one-third of the whole number of prisoners were attacked with the cholera, but with the exception of the five above mentioned they were *all restored* to their health (and some of them to the community) There has been so much said *during* the past two years with regard to the insufficiency of the present jail that any remarks from me in addition to the above statement, would seem to be superfluous. It has been indicted by the grand jury as a nuisance, and pronounced insufficient and unsafe by the Board of Supervisors, but as yet very little, if anything, has been done towards the erection of a new building

The number of commitments for the past year exceed those of the year previous by one hundred and eleven and by a reference to the Jail Register, it will be seen that the number of commitments for the year 1853, exceeded those of 1852 by nearly one hundred, and even if they should not continue to increase at any thing like that ratio, it is due to the public as well as to humanity, that a safe and commodious building should be erected as speedily as possible, designed for the improvement as well as the safe keeping of criminals, to take the place of the present one, which from the necessity of having to crowd together within its walls prisoners of all ages and grades from the hoary headed thief who has lived on plunder for years, down to mere children, renders it one of the best schools for vice in the land

The Treaty with Austria.

The London Morning Chronicle gives the following as "an exact and complete summary of the treaty, offensive and defensive, concluded at Vienna on the 2d of December, between Austria, France, and England "—

The treaty commences by repeating and recording the declarations and the principal acts of the conference of the Vienna, as well as the declarations and engagements contained in the notes exchanged on the 8th of August, 1854, between the high contracting parties

It maintains the four points of garantee as the necessary basis of peace, at the same time that it reserves and recognizes to each power the faculty of extending them by additional conditions

Austria binds herself to France and England, as she had already done to Turkey by the treaty of the 14th of June, 1854 to occupy the Principalties *for the purpose of* repulsing Russian troops, *if they* attempted to re-enter them

Austria proclaims the right as justly belonging to Turkey and to the allies, *of making all* the movements which may suit them for the purpose of attacking either the Russian troops or the Russian territory

If in consequence of her attitude in the Principalties, or for any *other cause,* Austria should find herself at war with Russia, the alliance offensive and defensive between her France and England, shall be established by the fact of the war

If before the end of the present year, 1854 Russia should not have made propositions which are considered acceptable and which insure good and durable peace, the Three Powers will advise as to the means of obtaining that peace

The Three High contracting Powers bind themselves not to accept any proposition for the re-establishment of peace without having deliberated upon it *in common*

Such are the terms of this important treaty

The Gallipagos Islands.

These islands, for which according to late reports our government, (which has constitutional scruples against any expenditure for western rivers and harbors) has been negotiating for a purchase at $3,000,000, are thus described

The Galapagos group includes the islands called Chatham, Narborough James Barrington Charles Hood Bindless and Abington The islands belong to the department of Guayaquil, in the republic of Ecuador They lie in the Pacific six hundred and *fifty miles from* Guayaquil , and between 1 deg 40 min south latitude and 40 min north latitude and in between 90 deg and 95 deg west longitude. The largest Island is Albemarle. which extends from 1 deg 10 min S. lat. to 20 min N lat., and is above one hundred miles in length The Islands are supposed to be of volcanic origin, and the surface is composed of lava and volcanic rocks, and they rise to a great elevation from a deep sea The Islands are rich in guano deposits, and it is said to be on this account that negotiations were opened *for* their purchase.

If that amount of guano would cultivate any reasonable degree *of* common sense among the officials at Washington, the expen*diture of $3,000,-000* would be approved of by the West, beyond a doubt.

Police Court--Jan. 2nd.

BEFORE CLINTON WALWORTH ESQ POLICE JUSTICE.

A warrant was issued against a man named Nicholas Adams, for assault and battery upon William Soun on the 1st of January

This is the only complaint issued as yet since the 30th of December, but *Nicholas* is a name that raises a muss in other countries besides this

The amount of fines collected, and paid over to the County Treasurer and whose receipts for the same held by the Police Justice, is $484 44, during the year 1854 Of course a large number of fines have been inflicted and not being paid the fined have undergone imprisonment.

A ACCEPTABLE PRESENT FOR NEW YEAR'S DAY —On Monday morning we found in our sanctum a couple of large, warm, Shepherd's Shawls, made of fine Wisconsin wool at the factory of our friends WALTER BURKE & Co, on the water power in this city The following note accompanied them

Second Ward, January 1, '55

Messrs KING & WATSON

We present you with two Shepherd's Plaid Scarfs of Wisconsin manufacture. Although trifling in themselves, they represent an interest which ere long must attract the attention of capital ists in this great wool growing State, and, in place of exporting our raw material and importing the manufactured article—thereby losing the freight and commission both ways—produce the very article we require at *home, giving employ*ment to thousands of our people You have always taken a lively interest in domestic or home manufactures, and we feel under many obliga*tions for your kind feelings* in our welfare

Wishing you the compliments of the season, we are, Very Respectfully, yours,

WALTER BURKE & Co

We assure our friends, Messrs Burke & Co , that the obligations are all upon our side of the house We cannot imagine why people should be willing to go abroad for work of *their* sort, when such soft and beautiful fabrics are produced at their very doors We wish most cordially, that the year 1855 and its successors may bring the donors of our New Years gift all the prosperity that they desire

THE STREETS —After having East Water St paved handsomely, it is a shame that for some reason unknown, either the want of proper ordinances, or of officers who will see existing ones enforced, those who do business upon or travel through East Water St are still obliged to complain of it as the dirtiest in *the city* There is something radically wrong in our theory, and there most certainly is in our practice, *or want of* practice, in cleaning streets If we have Street Commissioners whose business *it is to see to this,* why is it not done ? Why is not the rubbish cleared out from the gutters *so as to allow of* drainage ? Cannot the Marshal, under the ordinance which directs *him to* see to this *matter* once a week, contract with persons to carry away the street earth *which is heaped up* so that the paving stones cannot be found Something must *be done, and something* ought to be done immediately, along the street which has been clogged up *since* August by the ruins of the burned block and materials for new buildings Will the Marshal take a look around that way ?

ARRESTED —Constable Ryan of the Third Ward arrested a widow woman on Monday night and committed her to jail, for being drunk and d*sorderly ; after the woman's flow of* spirits was over, she was liberated by the jailer

HARPER FOR JANUARY —The January number of Harper's Magazine is already received and for sale at WILSON's, East Water Street Among the contents, is a well written biography of Gen JACKSON, with copious illustrations, the *closing* chapter of Abbott's "Napoleon Bonaparte," the continuation of Thackeray's *Newcomes* " memoirs of the "House of Romanoff," and other interesting *articles* The publishers promise to add largely to the attractions of this popular Magazine, *during the* coming year

JANUARY THAW —The first two days of the New Year have been Spring-like in temperature Were it not for the assurances of the Almanac, we should think it the *beginning of March,* instead of mid-winter But however pleasant the bright and warm *sunshine,* and grateful the *soft* balmy air, they play havoc with the streets, and roads, the *mud being everywhere* several inches deep Let us hope for a change before the winter crust is fairly broken through

☞ Our worthy friend Peter the keeper of Walker's Point bridge, takes it in high dudgeon that we "put him in the *Sentinel*" the other day, in making enquiry as to whose *business* it was to see to keeping the bridges clean. Peter says that *he worked hard all the night before* to get his charge in order and had his coat stolen while doing it Republics *are* ungrateful

BRIDGE AHOY !—Teams were passing over the new *Menomonee* Bridge yesterday, the contractor having it so far completed it as to be able to lay a temporary roadway so as to make it accessib'e from either side It spans the whole stream from dock to dock, and is not a handsome as a very substantial structure, more so than either of the other bridges

☞ We call attention to a Card, which may be *found* in to day's issue, of Mr J S BAKER, of Green Bay, formerly of this city To a large portion of our citizens he is too well known to require any notice from us To such as may not know him and may require his services we recommend him of our own knowledge as a prompt and efficient business man

NOTICES OF ANNUAL MEETINGS —See, in our advertising columns, notices of the Annual meetings of the Lake Shore and the La Crosse Railroad Companies

FEMALE SEMINARY —By an advertisement in the *Sentinel this morning* it will be seen that Mrs COOLEY has removed from Fond du Lac and opened a *female* seminary at the *enterprising* village of Fox Lake Dodge Co We hope to hear of the success of the enterprise

LATEST ARRIVAL.

The schooner *Whirlwind,* Captain Dolby arrived at this port on yesterday morning at 4 o'clock, from Manistee, with a load of lumber, 98 000 feet She made the voyage without any difficulty

This is the latest arrival The latest arrival last season was on the morning of the 23th, and this is some eighteen or twenty hours later

Judge Fuller keeper of the Light House, lighted up both of the Light Houses, and kept them burning all night, having received three despatches from Racine informing him that the *Whirlwind* was standing off and on that point, apparently bound for Chicago To the prompt attention of Judge Fuller the safe arrival of the *Whirlwind* here may be in no small degree attributed —*Chicago Tribune*

For the Daily Sentinel.

IN MEMORIAM.

REBECCA U BOLGER *died at Nantucket Dec 21st, aged 20 years and 10 months*

From out my spirit's firmament,
The chiefest star is gone forever,
And never shall its brightness *sever,*
Gleam in its lonely element

Dead ! I thought thou couldst not die—
That round about thee flowed a grace—
A charm wrought with thee in thy place,
Would cause grim Death to pass thee by

But no ! thy very perfectness,
Which I had thought a triple shield—
A power *to which death could not yield,*
Glowed but to tempt him to success

I loved thee for thy *loveliness,*
As one would worship some fair star,
Which he could call from space afar
To walk beside him, and to bless

I loved thee for thy purity,
Thy noble singleness of thought,
The soul that, dwelling in thee, wrought
Thy lips to words of charity

I loved thy glorious unity,
Thy inner and thy outer being,
Which I have watched, delighted seeing
Foreshadowings of Divinity

So deeply stricken ! I have wept
Midst tears that fell for thee my own,
The fierce upwelling of a tone
That better, better far, had slept

For there are mem'ries blent with thine,
Of hopes I've whispered thee beside
Old Ocean's calmly swelling tide,
When thy brown locks waved free with mine

And thou art dearer, since thou st seen
Those glorious fancies lessening light,
And mourned with me the coming night
That dreary reigned, where noon had been

But of what moment is my grief
Compared with her's who gave thee birth :
Whose gray hairs sweep relentless earth,
To show nought here can give relief !

I've seen thine eyes with tear drops fill,
When thou had thought *she* soon must go
And yet thy flight from all below,
Preceded hers Such was God's will !

And what *my* woe, to *his* whose heart
Is filled with desolation now
Whose long, wild kiss upon thy brow
Betrays his anguish but in part

Whose manly arms so soon had wreathed
Against his breast, his more than life,
And from whose lips *the name of* " wife"
Had been so musically breathed

God pity him , God comfort all
Who weep, Thy glory give for they
Never until the perfect day,
Shall witness aught so beautiful

Jubilate ! I shall know
Thee at the joyous second birth
By thy dark eyes' rippling glance of mirth,
The holier radiance on thy brow

Aye, I shall know thee, as before
Thy clay had vanished whence it came ,
For will the spirit's steady flame
Stream through its foldings, as of yore !

Only shall a purer lightness
Float about thy queenly head,
For thy being shall be fed
From the very fount of brightness

RUTH

The advantages offered by this Company are many and the public are invited to call upon the Agent and make themselves acquainted with the system adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to insure

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible, and Life Insurance, while it in no way interferes with, or undervalues these important institutions, has claims which no other system of Insurance can have Human existence is not on consideration, enjoy a much higher estimate than worldly property

While the representative of a family lives, (although through neglect to insure his *property* he becomes bankrupt,) he supports his family , but at his *death,* dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comforts during life

If young, the annual payment will be light, and if insured with profits the policy will be constantly growing more valuable, though the *premium* is not increased

Clergymen and others who have a *stated* and *regular* income, *should insure* well knowing that at their death their families may be left destitute,

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, *should insure*

The *farmer* who has *his farm mortgaged* on his farm, *should insure,* at least to the extent of it, thereby enabling his family to pay off the debt in case of his death

Milwaukee & Mississippi Rail Road Receipts for 1854.

We have obtained from the office of the M & M R R Co the following statement of the receipts of the company for the month of December and also for the year 1854 as compared with 1853

For December the receipts are as follows subject to some slight alterations probably, in way-bills

Passengers	$12 126 44
Freight,	16 883 91
Total,	$29 010 35

In January last the road was running to Stoughton within 16 miles of Madison, and as that distance is the whole extension of the road during 1854 the large increase in business exhibited below must be in a great degree ascribed to the rapid developement of the resources of the country through which and into which it passes The table gives the aggregate receipts of each month of 1854 as compared with the corresponding month of 1853

	1853	1854
January,	$10 801 25	$23 924 29
February,	8 930 86	26 192 31
March,	8 113 45	20 773 98
April	8,914 38	18 318 45
May	13 987 99	41 7[illegible] 31
June,	18 58[illegible] 91	4[illegible] 21
July	16 177 00	35 5[illegible] 51
August	18 276 16	42 104 26
September	35 297 13	[illegible] 64
October	11 597 94	70 776 01
November,	27 050 17	51 8[illegible] 33
December,	19 147 50	29 010 35
Total,	$226 918 48	$464 237 73

Showing an increase of about 104 per cent over the previous year—an increase which will scarcely be exceeded in this country by any other rail road without a large extension of its length

By another 1st of January, we shall doubtless be able to show a considerable lengthening of the line of and larger receipts on this road and handsome figures for three other roads leading into our city,

The estimate of the Superintendent of the M & M R R for 1854 was $400 000

THE "KNOW-NOTHING" PLOT —The Racine *Advocate* which was one of the parties to the "Know-Nothing" plot, recently revealed to an astonished world thro' the columns of the Know-Nothing organ the *Mass*, thus notices this latest, and weakest invention of the Pro-Slavery Democracy

The above *article betrays the real spirit* of the Hunker *press* What they cannot obtain by secret lies they attempt to achieve by open libels and public slander As far as we are concerned we throw the contemptible insinuation into the teeth of the publisher and his informant

"RACINE ADVOCATE"—Mr A C SANFORD has succeeded Mr Clement *in the proprietorship* of the Daily *Racine Advocate* From the tone of his *introductory* we judge that the *paper* will be as heretofore, an able and faithful advocate of Republican *principles*

STOCKS AND BONDS IN WALL STREET —Among the auction sales of stocks and Bonds in Wall Street on Thursday last we note the following

$13 000 Cleveland and Toledo R R 7 per cent convertible bonds 69⅞a70

$65 000 Virginia 6 per cents 92½

The money market is improving and State Stocks continue to rise Missouri 6's are quoted at 90 Virginia's 92a92½ North Carolina's 94a94½ being the latest selling rates These are the stocks deposited with the Comptroller as security for notes of the Oshkosh City Bank

☞ *The Philadelphia North American* says, that Senator DODGE loses $10 000 by SELDEN WITHERS & Co's failure —a considerable part of his private fortune

INDIANA BANKS —The Indianapolis *Journal* says the following banks are rejected because they have no place of doing business —no owners in fact, that anybody can find —and don't redeem their paper in *coin, currency or exchange*. Bank of America, Morocco, Bank of Connersville, *Connersville, Drovers' Bank*, Rome, Elkhart County Bank Goshen, Merchants' Bank, Lafayette *Merchants' Bank*, Springfield Northern Indiana Bank, Logansport, Orange Bank, Poseyville, State Stock Bank, Logansport State Stock Peru, Traders' Bank Terre Haute

RAIL ROAD CELEBRATION AT WAUKEGAN —We learn that the Lake Shore Rail Road is completed as far as Waukegan, the track-layers having reached that point yesterday The event is to be duly celebrated by a Dinner and *Ball* on *Thursday* next, the 11th instant The Waukegan people have made arrangements *for entertaining* 800 persons and will doubtless have all the places filled

CONVICTION OF GREEN —As will be seen by our telegraphic despatches GEORGE W GREEN has been convicted at Chicago, of the murder of his wife The case occupied 12 days and the Jury were out 5 hours The Chicago press, without exception, endorse the verdict as a just one

BANK OF THE WEST —Reports unfavorable to the Bank of the West at Madison have been in circulation but, we are assured on good authority, are unfounded the bank being in a sound condition, and having returned a portion of its circulation in order that bill-holders might be entirely secured, in any contingency

DISTURBANCE AT A BALL —We learn that quite a disturbance occurred at Waukesha, Monday night in consequence of an attempt by some outsiders to force an entrance into a Ball Room where their company was not wanted They were forcibly resisted and finally repulsed several of them getting pretty roughly handled — One or two of the assailants were arrested and lodged in jail

COMMERCE OF SHEBOYGAN — We are under obligations to Mr LYNCH Collector of Sheboygan for promptly forwarding to us a copy of his report showing the Imports and Exports of Sheboygan for the past year It will be found in this morning's paper and shows how rapidly the trade and commerce of Sheboygan are growing

CRIMINAL STATISTICS OF MILWAUKEE COUNTY —We are indebted to Sheriff CONOVER for the interesting statement published this morning, embodying the criminal statistics of this County for 1854

MAIL ARRANGEMENT — Information has been received from Mr Armstrong, Postmaster, now at Washington that arrangements have been effected by which the Southern mail will hereafter be forwarded and received by way of *Cairo*, on the Illinois Central and Ohio and Mississippi railroads

Another important change offered is a *direct* mail bag or package from this city to California Heretofore it has been customary for matter mailed in this office to be sent to New York or New Orleans, where it had to be distributed again before it was sent *upon its destination* By this new arrangement, several days' delay in the transmission of the mail between St Louis and San Francisco will be obviated

In this connection we would state that the mail for Salt Lake leaves Independence on the 1st of January and will go out under an escort of Dragoons to Fort Laramie, where, it is anticipated another and efficient *force* will accompany it to Salt Lake —[St Louis Republican

☞ Ephraim Littlefield, somewhat *notorious* as the chief witness in the trial for the murder of Dr. Parkman, has in consequence of a painful disease of the ear, become insane —[Boston Traveller

DEAR FOOD —We understand by a gentleman from Jefferson county that superfine flour is selling at $13 00 per bbl in that region, and in some instances as high as $18 00 Wheat is worth $2 50 and corn $1,00 per bushel —Pittsburgh Post.

Condensed Summary of News.

The mails of the past two days have brought us a mass of interesting intelligence for which we can only find room in a condensed form

The full details of news by the *America* contain many items of importance Concerning the movements of the allied fleet in the Black Sea, we have the following.

Admiral Hamelin left on the 15th in the Megee for the Bay Kamiesh where he has gone to hoist his flag on board the *Montezuma* It was generally believed that he was about to return to France The same day the Ville de Paris and the Brandland sailed for Constantinople, towed by the Mogador and Descartes The bayard was to follow the next day and to be taken in tow by the Napoleon All these ships were going to refit, even the Napoleon had her rudder damaged. The ships not injured were to remain at anchor in the Bays of Kamiesch and Kazatch at the entrance to which stockades and batteries had been erected. The Magellan, Bardon and Berthollet were employed in removing the guns and stores of the Henri IV and Pluton, whose crews are to form part of the garrison of Eupatoria, and to man the heavy guns mounted on the ramparts

The carnage at the battle of Inkerman was greater than was at first supposed The Paris *Moniteur* says

That the results then known of the battle of Inkerman by far exceed the first estimate Thus the dead bodies were counted one by one, and upward of 5 000 Russian corpses had been interred The total loss of the enemy on that memorable day amounts to between 18,000 and 20 000 The Russians appear to have changed for the present their plan of campaign They have destroyed the bridge of Inkermann, and retired to the heights on the right bank of the Tchernaya, only leaving in the plain the division of General Liprandi and the cavalry

Sir Charles Napier has asked and obtained leave to return home, leaving his fleet and Kiel, in the entrance to the Baltic Rear Admiral Chads succeeds him

Immense quantities of clothing and stores are going out to the Black Sea from England One paper announces the delivery of the following supply

44 000 *for cloaks* 44 000 for caps (helmets,) 44 000 fur gauntlets (gloves) 44,000 water-proof capes, 11,000 long boots (cowhide material) 44,000 suits of inner clothing, 44 000 pairs of leggins 10,000 suits of fur clothing for officers

The large iron works at Low Moor are fully employed An order from government has been received for 100 guns of immense calibre, we believe Lancaster oval guns, which will throw a ball weighing 94 lbs. Beside this, the company have another large order for cannon, which they are executing at the rate of 18 guns per week

Minie rifles to the number of from 1,100 to 1,200, are now being sent into the Ordnance store weekly,

Upward of 500 *tons roundshot* and shell are now in course of delivery at the Royal Arsenal Woolwich, for service in the Crimea

The woollen manufacturers in the neighborhood of Heckmondwike, in consequence of the government orders in course of execution, continue busy An order for 20 000 horse blankets was recently received by one firm, the whole of which was executed in little more than three weeks An order for 30 000 pairs of blankets, of a superior quality, destined for the seat of war in the East was also speedily *completed*

FROM NEBRASKA.—It seems now pretty well ascertained that Mr Giddings who is an anti slavery man, is elected delegate to Congress from the new Territory of Nebraska, *and elected*, too, by the votes of the people of Nebraska

BOSTON CORNERS —This isolated town of 1800 acres on the further side of the Taghkanic Mountain, nominally belonging to Massachusetts, but separated from intercourse with that state by an impassable barrier, is at length formally annexed to New York The Bay State is not sorry to lose, and New York is not proud to gain the territory whose inhabitants have a bad reputation

☞ By the new Elmira & Williamsport connection, the railroad distance between Buffalo and Philadelphia is 421 miles, or about the same distance as between Buffalo and New York

☞ A destructive fire took place in Toronto C W on the 29th, consuming the cabinet factory of Messrs Jaques & Hay with a loss of $120 000 The establishment employed over 200 hands

☞ Gov Medill, of Ohio, has refused to call an extra session of the Legislature

☞ It is stated that the Territorial Committee in the House of Representatives has reported back and urges the passage of the Senate bill granting two million acres of land in aid of a subterranean line of telegraph from the Mississippi river to San Francisco

☞ An importing house in *New York* has written a letter stating that the amount of duties paid for French artificial flowers, *for the first* quarter of the current fiscal year, was almost double the amount of duties paid on railroad iron The Philadelphia *Ledger* is responsible for the story *Another item of extravagance* is mentioned in relation to silks it being calculated that the aggregate cost of silks imported during the last four years is *one hundred and seventeen millions of dollars!*

THE PROPOSED MEDIATION — It is stated that Messrs Van Buren, Tyler, and Fillmore are spoken of as the commission to Europe to offer the mediation of this country between the belligerent powers The revival of John Tyler would be a highly appropriate act for this administration

☞ On the 18th ult , Dr Hury was elected Auditor of State by the Arkansas Legislature — This was considered a victory of the Know-Nothings A resolution against the Know-Nothings was defeated in the Arkansas House of Representatives three or four weeks ago, by a vote of two to one

The Whigs and Democrats of Pittsburg have united upon Mr Voitz the present mayor, for re election, against the Know Nothings.

SALT —The amount of salt inspected at the Onondaga Salt works for the past year reached 5,800 000 bushels, being the largest amount yet manufactured in one year, and an increase of 400 000 bus. over last year The average price per bbl has been $1,50 Some 200,000 bus. are still on hand

☞ A new process of daguerreotyping, called the Ambrotype," has been introduced in Boston The picture is taken upon plate glass, after which a similar glass is placed over it, and the two are cemented together by an indestructible gum, rendering the picture entirely impervious to atmospheric influence, and securing it the most perfect durability

The pictures are not reverse, as in the ordinary daguerreotyping process, and they are immediately perceptible in any light without the necessity of change of position

The above is an invention of a Mr Cutting, of Boston who has secured patents in this country, Great Britain and France

☞ Great dissatisfaction is represented by the Detroit *Advertiser* as existing at that city, on account of the lack of facilities for freighting on the Great Western Railroad That paper states that large quantities of flour and pork have been damaged by delay and exposure to the weather A contract for $50,000 worth of pork, has been refused by a Detroit house, on account of the difficulty in getting it forward

☞ The ship *St Patrick*, wrecked on the New Jersey coast has gone to pieces

☞ A writer in the London *News* represents the total force of the allies in the Crimea at about 121 900 men, and that of the Russians at about 200 000 This was on the 18th of November

☞ The English mail steamer *Forerunner* was sunk by striking a rock on the African coast on the 25th of October, and 14 persons drowned.— The crew acted the same cowardly part as did those of the *Arctic* The captain went down with his ship

The English transport ship *Charlotte*, with reinforcements for the Crimea, was wrecked in Algo Bay on the 20th of September, and 62 soldiers, 11 women, 26 children, and 16 of the crew drowned—in all 117

☞ The Minister from Costa Rica has made an energetic protest against Col Kinney's transactions with the bogus Musquito King for territory in Central America.

☞ The captain of the schooner *Lewis Perry*, from Tampico on the 4th, reports that the schooner *Mary Caroline*, a regular trader between New Orleans and Tampico, had sailed from the latter place and come to anchor on the bar, when a boat from Tampico with government officers, boarded the schooner, and took from the captain all his letters for New Orleans, inflicting a fine of $1 each for every letter he had on board

Criminal Statistics of Mil. Co. for 1854.

MESSRS EDITORS —The following is a statement of the number of prisoners committed to the County Jail of Milwaukee county, showing the crimes and offences for which they were committed, together with the number that were sentenced to imprisonment in this Jail and State Prison upon conviction, for the year ending Dec 31, 1854 The number of male prisoners, charged with various crimes and misdemeanors, are as follows

Making threats of violence,	2
Drunkeness and breach of the Peace,	33
Assault and battery,	5
Vagrancy,	2
Total,	58
Amounting in all to	149

Of the above the number of males that have been convicted and sentenced to the jail, are as follows

For larceny 22, assault and battery 11, in default of bail to keep the peace 7 violating city ordinance 1 cruelty to animals 3, civil process 1

The number of females sentenced to the jail are—

For larceny 4 in default of bail to keep the peace 8, assault and battery 3

The number of males convicted and sentenced to the State's Prison, are

For murder 1, incest 1, burglary 2 larceny 16 counterfeiting 2, robbing U S mail 1 Total 23 Females convicted and sentenced to the State's Prison for larceny 1 incest 1 making in al 25

There are 22 prisoners now confined in jail, 9 of whom are awaiting trial The greatest number imprisoned at any one time was 52 in addition to twenty-five who were kept for a few days in the Court House under guard There have been five deaths, all from cholera, and one marriage, in which case the prisoner was discharged, having answered the requirements of the law,

Notwithstanding the jail has been crowded during the whole of the past summer with twice the number for which it was originally intended, there has been but little sickness with the exception of the cholera, except from diseases that were contracted outside During the month of August over one-third of the whole number of prisoners were attacked with the cholera, but with the exception of the five above mentioned they were all restored to their health (and some of them to the community) There has been so much said during the past two years with regard to the insufficiency of the present jail that any remarks from me in addition to the above statement, would seem to be superfluous. It has been indicted by the grand jury as a nuisance, and pronounced insufficient and unsafe by the Board of Supervisors, but as yet very little, if anything, has been done towards the erection of a new building

The number of commitments for the past year exceed those of the year previous by one hundred and eleven and by a reference to the Jail Register, it will be seen that the number of commitments for the year 1853, exceeded those of 1852 by nearly one hundred, and even if they should not continue to increase at any thing like that ratio, it is due to the public as well as to humanity, that a safe and commodious building should be erected as speedily as possible, designed for the improvement as well as the safe keeping of criminals, to take the place of the present one, which from the necessity of having to crowd together within its walls prisoners of all ages and grades from the hoary headed thief who has lived on plunder for years, down to mere children, renders it one of the best schools for vice in the land

S S CONOVER, Jailor

The Treaty with Austria.

The London Morning Chronicle gives the following as "an exact and complete summary of the treaty, offensive and defensive, concluded at Vienna on the 2d of December, between Austria, France, and England "—

The treaty commences by repeating and recording the declarations and the principal acts of the conference of the Vienna, as well as the *declarations* and engagements contained in the notes exchanged on the 8th of August, 1854, between the high contracting parties

It maintains the *four points of garantee* as the necessary basis of peace, at the same time that it reserves and recognizes to each power the faculty of extending them by additional conditions

Austria binds herself to France and England, as she had already done to Turkey by the treaty of the 14th of June, 1854 to occupy the *Principalities* for the purpose of repulsing Russian troops, if they attempted to re-enter them

Austria proclaims the right as justly belonging to Turkey and to the allies, of making all the movements which may suit them for the purpose of attacking either the Russian troops or the Russian territory

If in consequence of her attitude in the Principalities, or for any other cause, Austria should find herself at war with Russia, the alliance offensive and defensive between her France and England, shall be established by the fact of the war

If before the end of the present year, 1854 Russia should not have made propositions which are considered acceptable and which insure good and durable peace, the Three Powers will advise as to the means of obtaining that peace

The Three High contracting Powers bind themselves not to accept any proposition for the re-establishment of peace without having deliberated upon it in common

Such are the terms of this important treaty

The Gallipagos Islands.

These islands, for which according to late reports our government, (which has constitutional scruples against any expenditure for western rivers and harbors) has been negotiating for a purchase at $3,000,000, are thus described

The Galapagos group includes the islands called Chatham, Narborough James Barrington Charles Hood Bindless and Abington The islands belong to the department of Guayaquil, in the republic of Ecuador They lie in the Pacific six hundred and fifty miles from Guayaquil, and between 1 deg 40 min south latitude and 40 min north latitude and in between 90 deg and 95 deg west longitude. The largest Island is Albemarle, which extends from 1 deg 10 min S. lat. to 20 min N lat, and is above one hundred miles in length The Islands are supposed to be of volcanic origin, and the surface is composed of lava and volcanic rocks, and they rise to a great elevation from a deep sea The Islands are rich in guano deposits, and it is said to be on this account that negotiations were opened for their purchase.

If that amount of guano would cultivate any reasonable degree of common sense among the officials at Washington, the expenditure of $3,000,000 would be approved of by the West, beyond a doubt.

Police Court--Jan. 2nd.

BEFORE CLINTON WALWORTH ESQ POLICE JUSTICE.

A warrant was issued against a man named Nicholas Adams, for assault and battery upon William Soun on the 1st of January

This is the only complaint issued as yet since the 30th of December, but *Nicholas* is a name that raises a muss in other countries besides this

The amount of fines collected, and paid over to the County Treasurer and whose receipts for the same held by the Police Justice, is $484 44, during the year 1854 Of course a large number of fines have been inflicted and not being paid the fined have undergone imprisonment.

A ACCEPTABLE PRESENT FOR NEW YEAR'S DAY —On Monday morning we found in our sanctum a couple of large, warm, Shepherd's Shawls, made of fine Wisconsin wool at the factory of our friends WALTER BURKE & Co, on the water power in this city The following note accompanied them

Second Ward, January 1, '55

Messrs KING & WATSON

We present you with two Shepherd's Plaid Scarfs of Wisconsin manufacture. Although trifling in themselves, they represent an interest which ere long must attract the attention of capitalists in this great wool growing *State*, and, in place of exporting our raw material and importing the manufactured article — thereby losing the freight and commission both ways— produce the very article we require *at home, giving* employment to thousands of our people You have always taken a lively interest in domestic or home manufactures, and we feel under many obligations for your kind feelings in our welfare

Wishing you the compliments of the season, we are, Very Respectfully, yours,

WALTER BURKE & Co

We assure our friends, Messrs Burke & Co, that the obligations are all upon our side of the house We cannot imagine why people should be willing to go abroad for work of *their* sort, when such soft and beautiful fabrics are produced at their very doors We wish most cordially, that the year 1855 and its successors may bring the donors of our New Years gift all the prosperity that they desire

THE STREETS —After having East Water St paved handsomely, it is a shame that for some reason unknown, either the want of proper ordinances, or of officers who will see existing ones enforced, those who do business upon or travel through East Water St are still obliged to complain of it as the dirtiest in the city There is something radically wrong in our theory, and there most certainly is in our practice, or *want of* practice, in cleaning streets If we have Street Commissioners whose business it is to see to this, why is it not done? Why is not the rubbish cleared out from the gutters so as to allow of drainage? Cannot the Marshal, under the ordinance which directs *him to see to* this matter once a week, contract with persons to carry away the street earth which is *heaped* up so that the paving stones cannot be found Something must be done, and something ought to be done immediately, along the street which has been clogged up since August by the ruins of the burned block and materials for new buildings Will the Marshal take a look around that way?

ARRESTED —Constable Ryan of the Third Ward arrested a widow woman on Monday night and committed her to jail, for being drunk and disorderly; after the woman's *flow of spirits* was over, she was liberated by the jailer

HARPER FOR JANUARY —The January number of Harper's Magazine is already received and for sale at Wilson's, East Water Street Among the contents, is a well written biography of Gen Jackson, with copious illustrations, the closing chapter of Abbott's "Napoleon Bonaparte," the continuation of Thackeray's *Newcomes*" memoirs of the "House of Romanoff," and other interesting articles The publishers promise to add largely to the attractions of this popular Magazine, during the coming year

JANUARY THAW — The first two days of the New Year have been Spring-like in temperature Were it not for the assurances of the Almanac, we should think it the *beginning of March*, instead of mid-winter But however pleasant the bright and warm sunshine, and grateful the soft balmy air, they play havoc with the streets, and roads, the mud being everywhere several inches deep Let us hope for a change before the winter crust is fairly broken through

☞ Our worthy friend Peter the keeper of Walker's Point bridge, takes it in high dudgeon that we "put him in the *Sentinel*" the other day, in making enquiry as to whose business it was to see to keeping the bridges clean. Peter says that he worked hard all the *night before* to get his charge in order and had his coat stolen while doing it Republics *are* ungrateful

BRIDGE AHOY!—Teams were passing over the new Menomonee Bridge yesterday, the contractor having it so far completed as to be able to lay a temporary roadway so as to make it accessible from either side It spans the whole stream from dock to dock, and is not a handsome is a very substantial structure, more so than either of the other bridges

☞ We call attention to a Card, which may be found in to day's issue, of Mr J S BAKER, of Green Bay, formerly of this city To a large portion of our citizens he is too well known to require any notice from us To such as may not know him and may require his services we recommend him of our own knowledge as a prompt and efficient business man

NOTICES OF ANNUAL MEETINGS —See, in our advertising columns, notices of the Annual meetings of the Lake Shore and the La Crosse Railroad Companies

FEMALE SEMINARY —By an advertisement in the *Sentinel this morning* it will be seen that Mrs COOLEY has removed from Fond du Lac and opened a female seminary at the enterprising village of Fox Lake Dodge Co We hope to hear of the success of the enterprise

LATEST ARRIVAL.

The schooner *Whirlwind*, Captain Dolby arrived at this port yesterday morning at 4 o'clock, from Manistee, with a load of lumber, 86 000 feet She made the voyage without any difficulty

This is the latest arrival The latest arrival last season was on the morning of the 29th, and this is some eighteen or twenty hours later

Judge Fuller keeper of the Light House, lighted up both of the Light Houses, and kept them burning all night, having received three despatches from Racine informing him that the *Whirlwind* was standing off and on that point, apparently bound for Chicago To the prompt attention of Judge Fuller the safe arrival of the *Whirlwind* here may be in no small degree attributed —*Chicago Tribune*

DIED,

For the Daily Sentinel.

IN MEMORIAM.

REBECCA U BOLGER *died at Nantucket Dec 21st, aged 20 years and 10 months*

From out my spirit's firmament,
The chiefest star is gone forever,
And never shall its brightness *sever*,
Gleam in its lonely element

Dead! I thought thou couldst not die—
That round about thee flowed a grace—
A charm wrought with thee in thy place,
Would cause grim Death to pass thee by

But no! thy very perfectness,
Which I had thought a triple shield —
A power to which death could not yield,
Glowed but to tempt him to success

I loved thee *for thy loveliness*,
As one would worship some fair star,
Which he could call from space afar
To walk beside him, and to bless

I loved thee for thy purity,
Thy noble singleness of thought,
The soul that, dwelling in thee, wrought
Thy lips to *words of charity*

I loved thy glorious unity,
Thy inner and thy outer being,
Which I have watched, delighted seeing
Foreshadowings of Divinity

So deeply stricken! I have wept
Midst tears that fell for thee my own,
The fierce upwelling of a tone
That better, better far, had slept

For there are mem'ries blent with thine,
Of hopes I've whispered thee beside
Old Ocean's calmly swelling tide,
When thy brown locks waved free with mine

And thou art dearer, since thou st seen
Those glorious fancies lessening light,
And mourned with me the coming night
That dreary reigned, where noon had been

But of what moment is my grief
Compared with her's who gave thee birth?
Whose gray hairs sweep relentless earth,
To show nought here can give relief!

I've seen thine eyes with tear drops fill,
When thou had thought *she* soon must go
And yet thy flight from all below,
Preceded hers Such was God's will!

And what *my* woe, to *his* whose heart
Is filled with desolation now
Whose long, wild kiss upon thy brow
Betrays his anguish but in part

Whose manly arms so soon had wreathed
Against his breast, his more than life,
And from whose *lips the name of* "*wife*"
Had been so musically breathed

God pity him, God comfort all
Who weep, Thy glory give for they
Never until the perfect day,
Shall witness aught so beautiful

Jubilate! I shall know
Thee at the joyous second birth
By thy dark eyes' rippling glance of mirth,
The holier radiance on thy brow

Aye, I shall know thee, as before
Thy clay had vanished whence it came,
For will the spirit's steady flame
Stream through its foldings, as of yore!

Only shall a purer lightness
Float about thy queenly head,
For thy being shall be fed
From the very fount of brightness

The advantages offered by this Company are many and the public are invited to call upon the Agent and make themselves acquainted with the system adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to Insure

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible, and Life Insurance, while it in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have Human existence must on consideration, enjoy a much higher estimate than worldly property

While the representative of a family lives, (although through neglect to insure his *property* he becomes bankrupt,) he supports his family, but at his *death*, does he their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comforts during life

If young, the annual payment will be light, and if insured with profits the policy will be constantly growing more valuable, though the *premium* is not increased

Clergymen and others who have a stated and *regular* income, *should insure* well knowing that at their death their families may be left destitute,

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, *should insure*

The farmer who has still a mortgage on his farm, *should insure*, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death

NOTICE!

IN CONSEQUENCE OF THE REFUSAL OF MERchants and others of this City to pay their freights on [illegible] which have been stopped at Janesville from Chicago, for the reason, as is alleged by some, that they have not ordered their goods by that route; and by others that they have made contracts with certain lines to deliver their goods in Milwaukee, therefore refusing to pay any more than their contract price; claiming the right, [illegible] by making a tender to our company of the amount so contracted for, to replevin the goods [illegible].

[illegible] our company, to protect itself against a repetition of the occurrence above referred to, has given [illegible] to its agent in Janesville, and the Agents of [illegible] here, that it will not receive and forward goods unless an order from the person to whom they are consigned accompanies them; and, in order that there may be no unnecessary delay or inconvenience arising [illegible] order, this Public Notice is given to all who [illegible] which they wish to receive via [illegible].

TO THE PHYSICIANS OF THE WEST!

And to All who use Liquors as a Medicine or as a Beverage!

[illegible] who prescribe Alcoholic Liquors for Medicinal purposes should give the preference to WOLFE'S [illegible] AROMATIC SCHNAPPS.

It is manufactured in Holland, and exclusively at the factory of the proprietor, by processes and [illegible] hitherto unemployed and unknown.

It is proved, by the repeated analysis of several eminent Chemists, to be entirely free from the pernicious fusel [illegible] every kind of liquor distilled from grain, and which is the cause of the nervous and visceral derangement, of [illegible] congestion, and morbid desire for continual and intemperate indulgence, which such liquors invariably tend to superinduce.

It is proved by the same unerring tests that the Juniper [illegible] not distorted with the coarse, acrid and indigestible [illegible] heretofore used; but with the specifically [illegible], aromatic and medicinal oil of the two [illegible] of the Italian juniper, or berry, neglected by [illegible] manufacturers.

It is chemically proved to be absolutely pure in its [illegible] quality obtained by an entirely new process [illegible] other Holland Gin in the world has [illegible].

It is proved by extensive medical experience and testimony to be an efficient as well as an agreeable remedy [illegible] of dyspepsia, gravel, chronic gout, rheumatism, [illegible], concretions in the kidney, bladder, dyspepsia, fever and ague, general debility [illegible] of the blood, deficient assimilation of [illegible].

It is a delightful and invigorating cordial, and when [illegible] the system or induces inebriety [illegible] subdue the latter frailty, by [illegible] all other liquors. And it invariably [illegible] of bad water, whether in swampy [illegible] districts. In all of these enumerated qualities it has no rival in any market in the world.

[illegible] introduction of this celebrated medicinal beverage into the United States, a number of Liquor Houses [illegible] York and our other large cities have commenced counterfeiting it. The genuine is only sold in quart and pint bottles, [illegible] wrapped in yellow paper, with [illegible] on the bottle, cork and label. I would advise [illegible] it medicinally, to purchase by the bottle, as [illegible] frequently fill my bottles with common [illegible] for the genuine. For sale by all the respectable Druggists in the United States.

DR. JOS. SHEPHERD,

PHYSICIAN, SURGEON, &c.,

WILL GIVE HIS SPECIAL PRACTICE to the treatment of Bronchial, Pulmonary, Scorbutic, and Cancerous Diseases.

Residence, Main st., near Oneida. Office hours from 9 to 12 A. M., and 3 to 5 P. M. nov27

A WONDERFUL DISCOVERY has recently been made by Dr Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists throughout the country.—*New York Dutchman, Jan. 14th.*

See advertisement of Medicated Inhalation in another column of this paper. mr8-1yrd&w

NEW THEORY.

DR. A. L. ADAMS believes the proximate cause of all diseases (or as he will have it, all forms of disease,) to be a retention in the system of worn-out fluids, &c., which of course should have been expelled. But being retained, *excite irritation, or debilitate the system*, causing various effects. The Dr. says, with much assurance, that his LIVER BALSAM will expel properly and certainly from the system all impurities. Therefore he declares it will cure all curable complaints if taken *judiciously*. "We will try it."

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr Hews, Agent at New York:

New York, Dec. 5, 1843.

MR. N. J. CURTISS:—

Dear Sir. Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to he perfection of the scales.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

☞ Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

Distressing Suicide-River & Harbor Bill.

New York, Dec. 30.

A melancholy instance of the distress at present prevailing in the city, came to light to-day. An Englishman, named John Murphy, who has a wife and five children, committed suicide on account of their distressed condition, and while the coroner was holding an inquest, intelligence was received that the youngest child had died of starvation, having eaten nothing for 2 day.

A Washington despatch say that the Senate Committee of Commerce is preparing an internal improvement bill, leaving the expenditures with the Secretary of War, as to the prices and amounts. The bill appropriates $100,000 to each of the Northern Lakes and about the usual amounts to the principal works on the Atlantic coast and the Western Rivers.

The house of Joseph Zarr, of Naugatuck, was entered by burglars this morning. Mrs. Zarr's head was fractured and her young child murdered to prevent alarm. Zarr was sleeping in the opposite part of the house, and was not awakened. The murderers escaped.

The Mediation of the U. S.

Washington, Dec. 28.

Noses have been counted on Mr. Clingman's Mediation resolution, and there is no doubt whatever of its passage by the House. Senator Gwin, of California, has not yet arrived, and it is now probable that Mr. Weller will be the only Senatorial Representative from that State during the present session.

Washington, Dec. 28.

It is reported here that the Albany did not or would not stop at Carthagena, on her way home from Aspinwall. There is now scarcely a doubt but what the absent vessel has foundered with all on board.

CLOSED.—Winslow, Corning & Co.'s iron works at the nail factory have been closed, and their workmen, numbering about 500 persons, are thrown out of employment. Burden's factories are still running, but are to be closed next Saturday, for a period of a month or so, to enable the proprietors to make some repairs upon the machinery, buildings, &c, upon the completion of which work will again be resumed on certain conditions which Mr. B. deems necessary for his own interest. He gives the men the opportunity of deciding whether they choose to work or remain idle. We understand that, considering the present state of money affairs, the conditions Mr. Burden has offered his employees are such that they should be most willing to accept, and altho' it is not known whether they will do so or not, yet it is hoped they will consider their own interest and accept the alternative of employment. Should Mr. Burden's works be entirely suspended, there will be upward of 1000 men out of employment at the nail factory, to say nothing of the hundreds more who are dependent upon them for support.—[Troy Times.

DR. JOS. SHEPHERD,

PHYSICIAN, SURGEON, &c.,

WILL GIVE HIS SPECIAL PRACTICE to the treatment of Bronchial, Pulmonary, Scorbutic, and Cancerous Diseases.

Residence, Main st., near Oneida. Office hours from 9 to 12 A. M., and 3 to 5 P. M. nov27

A WONDERFUL DISCOVERY has recently been made by Dr Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists' throughout the country.—*New York Dutchman, Jan. 14th.*

☞ See advertisement of Medicated Inhalation in another column of this paper. mr8-1yrd&w

NEW THEORY.

DR. A. L. ADAMS believes the proximate cause of all diseases (or as he will have it, all forms of disease,) to be a retention in the system of worn-out fluids, &c., which of course should have been expelled. But being retained, *excite irritation*, or *debilitate the system*, causing various effects. The Dr. says, with much assurance, that his LIVER BALSAM will expel properly and certainly from the system all impurities. Therefore he declares it will cure all curable complaints it taken *judiciously*. "We will try it."

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr HEWS, Agent at New York:

New York, Dec. 5, 1853.

MR N. J CURTISS:—

Dear Sir. Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Warercom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the action.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect

New York, Dec. 30.

A melancholy instance of the distress at present prevailing in the city, came to light to-day. An Englishman, named John Murphy, who has a wife and five children, committed suicide on account of their distressed condition, and while the coroner was holding an inquest, intelligence was received that the youngest child had died of starvation, having eaten nothing for 2 day.

A Washington despatch say that the Senate Committee of Commerce is preparing an internal improvement bill, leaving the expenditures with the Secretary of War, as to the prices and amounts. The bill appropriates $100,000 to each of the Northern Lakes and about the usual amounts to the principal works on the Atlantic coast and the Western Rivers.

The Mediation of the U. S.

Washington, Dec. 28.

Noses have been counted on Mr. Clingman's Mediation resolution, and there is no doubt whatever of its passage by the House. CLOSED.—Winslow, Corning & Co.'s iron works at the nail factory have been closed, and their workmen, numbering about 500 persons, are thrown out of employment. Burden's factories are still running, but are to be closed next Saturday, for a period of a month or so, to enable the proprietors to make some repairs upon the machinery, buildings, &c., upon the completion of which work will again be resumed on certain conditions which Mr. B. deems necessary for his own interest. He gives the men the opportunity of deciding whether they choose to work or remain idle. We understand that, considering the present state of money affairs, the conditions Mr. Burden has offered his employees are such that they should be most willing to accept, and altho' it is not known whether they will do so or not, yet it is hoped they will consider their own interest and accept the alternative of employment. Should Mr. Burden's works be entirely suspended, there will be upward of 1000 men out of employment at the nail factory, to say nothing of the hundreds more who are dependent upon them for support.—[Troy Times.

SEPTEMBER 1854—We take pleasure in informing the public that we have taken possession of our new building, erected on the site of our former warehouse, which, together with the entire stock, (amounting to some $60,000) was destroyed by fire on the 20th of October, 1853. Our present building occupies a larger space, is much more convenient and commodious and is stocked with the most comprehensive variety of new and fashionable fall and winter clothing ever offered in this city and to which the attention of the trade is respectfully invited. Our Boys, Youths and Children's department is much enlarged and ... every description of the latest styles, suitable for the season. In addition to the above we have opened a new department for the sale of Furnishing Goods which is replete with every article pertaining to that line. Our warmest thanks are due for the liberal patronage we have hitherto received, and we intend that our future efforts shall show our appreciation of it both by the superiority of our clothing and the moderation of our prices. PIANOS! PIANOS!! PIANOS!!!

ATTENTION OF PURCHASERS is RESPECTFULLY called to a new and gigantic invention in Pianofortes now fully perfected and before the public. Known as HALL's CELESTIAL THREE STRINGED PIANO. The peculiarity of the CELESTIAL Piano consists in its capacity for octave playing with the single finger, an attainment hitherto unknown to the Piano Forte. The most ordinary performer is enabled by the aid of this improvement to produce effects in octave playing that would confound a Thalberg or a Listz. One of its chief excellencies is its capacity to be used at will as an ordinary Piano of the sweetest quality of tone, and is instantly changed by the use of a common pedal to a combination so thrilling and majestic, as to captivate and charm the heart. These instruments are superior in power to two ordinary 7 octave Pianos, while for sweetness, purity, breadth, and richness of tone, they challenge the competition of the world.

This is the united testimony of Professors and Amateurs who have tested the Celestial Piano. Ordinary Pianos of all sizes, new and second hand for sale at reduced prices.

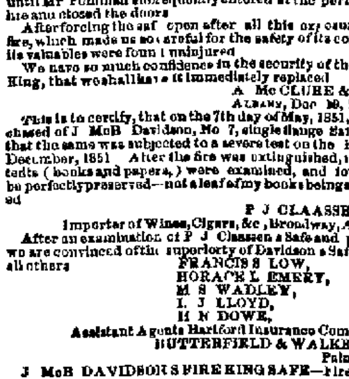
FireKing Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently

Read the following from Messrs A McClure & Co, wholesale and extensive dealers in Drugs, Medicines, &c

ALBANY, July 27, 1852

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c, was consumed by fire, so rapid and severe was the fire, that we were unable to close one safe until Mr Fohlman subsequently entered at the peril of his life and closed the doors

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced

A McCLURE & CO

ALBANY, Dec 30, 1852

This is to certify, that on the 7th day of May, 1851, I purchased of J McB Davidson, No 7, single flange Safe, and that the same was subjected to a severe test on the 12th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World, eradicating everything in the form of disease that comes within the circle of its influence

The People Themselves

having long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Faculty
It is used by Mechanics and Laboring men,
It is used in families and factories
It is used expressly by all Express Companies,
It is used by Farmers and Livery Stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic
The deepest ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

is the spontaneous advice of all

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office

For contractions of the muscles, stiffness of the joints and muscles, hard lumps, swellings and inflammation, it is unrivalled in the power and efficiency of its operations

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a certain cure

Cancer, or Scrofulous Sore, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days, and the worst cases can be cured in a few weeks at the farthest. For persons afflicted with these diseases, should be careful in getting the right article to cure them

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind galls, big heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the

Mexican Mustang Liniment.

The small size retail for 25 cents per bottle
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest

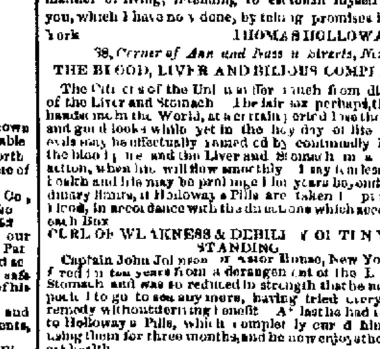
THE AMERICAN'S FRIEND!



HOLLOWAY'S PILLS.

To the Citizens of the United States

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating, that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York THOMAS HOLLOWAY,

80, *Corner of Ann and Nassau Streets, New York*

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the United States suffer much from disorders of the Liver and Stomach. The fair sex perhaps, the most handsome in the World, at a certain period lose their teeth and good looks while yet in the hey day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken properly as directed, in accordance with the directions which accompany each Box

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING.

Captain John Johnson of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the soundest health

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague	Dropsy	Liver Complaints	Secondary Symptoms
Asthma	Dysentery		
Bilious Complaints	Erysipelas	Lumbago	Tic Douloureux
	Female Irregularities	Piles	Tumours
Blotches on the Skin		Rheumatism	Ulcers
	Fevers of all kinds	Retention of Urine	Venereal Affections
Bowel Complaints			
	Fits	Scrofula, or King's Evil	Worms of all kinds
Colics	Gout		
Constipation of the Bowels	Headache	Sore Throats	Weakness from what ever cause, &c.
	Indigestion	Stone and Gravel	
Consumption	Inflammation		
Debility	Jaundice

PATENT MEDICINES

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr CURTIS'S HYGEANA or INHALING HYGEAN VAPOR and CHERRY SYRUP have accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past ever known to man—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN N Y, Dec 20th, 1853

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is, TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec 27th, 1853

I came to New York in the ship Telegraph, my native place is St John, New Brunswick, when I reached this city, my health was very poor, had a very bad cough, raised a good deal of matter which was frequently mixed with blood, had pain in my left side and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD

CONSUMPTION CAN BE CURED, AS TREATED BY

DR. E. N. TRIST

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of Diplomas from the *Royal Institution of Lisbon* and the *Hotel des Invalides of Paris*, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and *successful experience* in England and Ireland, as well as other parts of Europe, with *Consumption in all its forms*, enable him to warrant, not only relief, but a *complete cure* to all those suffering with this great national disease

Dr TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compound advertised by unconscientious persons

Take up thy bed and walk!

Dr TRIST would say to those interested that he has had manufactured for the use of his patrons, his "*Patent Inhaling Tubes*," through which the vapor is conveyed to the parts affected, and which he earnestly commends for the healing results which have attended their use, and the *fact* that they may be used by the most feeble in health without any unpleasant symptoms

To those residing out of the city, Dr Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms

A cure is warranted in all stages of Consumption, Bronchitis, Asthma, and all other affections of the Throat, Lungs and Air Passages. In case of failure, the money will be returned

PIANOS! PIANOS!! PIANOS!!!

ATTENTION OF PURCHASERS IS RE-spectfully called to a new and gigantic invention in Pianofortes, now fully perfected and before the public Known as HILL'S CELESTIAL TRIPLE STRINGED PIANO The peculiarity of the CELESTIAL PIANO consists in its capacity for *octave playing* with the single finger an attainment hitherto unknown to the Piano Forte

The most ordinary performer is enabled by the aid of this improvement to produce effects in octave playing that would confound a Thalberg or a Lutz One of its chief excellencies is its capacity to be used at will as an ordinary Piano of the sweetest quality of tone, and is instantly changed by the use of a common pedal to a combination so thrilling and majestic, as to captivate and charm the heart These instruments are superior in power to two ordinary 7 octave Pianos, while for sweetness, purity, breadth, and richness of tone, they challenge the competition of the world

This is the united testimony of Professors and Amateurs who have tested the Celestial Piano Ordinary Pianos of all sizes, new and second hand to sale at reduced prices

FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently

Read the following from Messrs A. McClure & Co, wholesale and extensive dealers in Drugs, Medicines, &c

ALBANY, July 27, 1852

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c, was consumed by fire, so rapid and severe was the fire that we were unable to close one safe until Mr Pohlman subsequently entered at the peril of his life and closed the doors

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced

A McCLURE & CO
ALBANY, Dec 20, 1852

This is to certify, that on the 7th day of May, 1851, I purchased of J McB Davidson, No 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851 After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World crushing everything in the form of disease that comes within the circle of its influence

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Faculty
It is used by Mechanics and Laboring men,
It is used in families and factories
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic
The dreadful sores and frightful scars are healed,
The unstrung nerves are made to vibrate with joy

Use the Mustang Liniment.

is the spontaneous advice of all

It has cured more cases of

Rheumatism

than any other medicine ever used Its efficacy in this terrible disease is acknowledged by all who have used it

It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammation, it stands unrivalled in the power and efficiency of its operation

For Bruises, Sprains, Cuts, Scalds and Burns but a few applications are necessary in order to effect a total cure

Cancer, or Scrofulous Sore, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days and the worst cases can be cured in a few weeks at the farthest Persons afflicted with these diseases, should be careful in getting the right article to cure them

Use it upon Your Horses,

for spavin, splint, ring bone fistula, wind galls, big heads, bruises, strains, string halt, scratches, cracked heels sweeney, saddle, collar, or harness galls, hard lumps or tumors dim or other diseases of the eye, poll evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial

THERE is no Druggist or Country Store Keeper

Who pretends to keep medicine at all,

But what keeps a constant supply of the

Mexican Mustang Liniment.

The small size retail for 25 cents per bottle
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation Dr CURTIS'S HYGEANA or INHALING HYGEAN VAPOR and CHERRY SYRUP have accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past ever known to man—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession [See certificates in hands of Agents]

The Inhaler is worn on the breast, under the linen, without the least inconvenience the heat of the body being sufficient to evaporate the fluid—supplying the lungs constantly with a healing, and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine Here is a case of

ASTHMA CURED.

BROOKLYN N Y, Dec 29th, 1853

For about eight years I have been severely afflicted with the Asthma, for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief I at length had the good fortune to procure Dr Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath In less than ten minutes from the time I applied the Inhaler to my stomach and took a teaspoonful of the Cherry Syrup I was relieved in a great measure from the difficulty of breathing and had a comfortable night I have since continued it with the greatest possible benefit, and am now comparatively well God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is, TRY IT

CONSUMPTION CURED.

NEW YORK, Dec 27th, 1853

I came to New York in the ship Telegraph, my native place is St John, New Brunswick, when I reached this city, my health was very poor had a very bad cough, raised a great deal of matter which was frequently mixed with blood, had pain in my left side and was very weak and emaciated My friends and physician pronounced my case consumption, and beyond the reach of medicine I accidentally heard of Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup and obtained a package, which I verily believe was the means of saving my life — Soon after wearing the Inhaler, I found it relieved the pressure on my lungs and after a while the disease made its appearance upon the surface under the Inhaler I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured, I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it JOHN WOOD

HYGEN & OXYGENIC VAPOR!

DR TRIST, Graduate of the Royal College of Surgeons in London and the recipient of diplomas from the *Royal Institution* [illegible] *des Invalides* of *Paris*, having settled permanently in New York for the practice of his profession begs leave to suggest to the citizens of the United States that several years of study and *successful experiment* in England and [illegible] and, as well as other parts of Europe, with *Consumption in all its forms*, enable him to warrant, not only relief, but a *complete cure* to all those suffering with this great national disease

Dr TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compound advertised by incompetent persons

Take up thy bed and walk

Dr TRIST would say to those interested that he has had manufactured for the use of his patrons, his "*Patent Inhaling Tube,*" through which the vapor is conveyed to the parts affected, and which he earnestly commends for the healing results which have attended their use, and the *fact* that they may be used by the most feeble invalid without any unpleasant symptoms

To those residing out of the city, Dr Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with simple directions for use on receipt of a letter containing Ten Dollars, and describing symptoms

SEPTEMBER 1854—We take pleasure in informing the public that we have taken possession of our new building, erected on the site of our former warehouse, which, together with the entire stock, (amounting to some $400,000) was destroyed by fire on the 20th of October, 1853. Our present building occupies a larger space is much more convenient and commodious, and is stocked with the most comprehensive variety of new and fashionable fall and winter clothing ever offered in this city, and to which the attention of the trade is respectfully invited. In addition to the above we have opened a new department for the sale of Furnishing Goods which is replete with every article appertaining to that line. Our warmest thanks are due for the liberal patronage we have hitherto received, and we intend that our future efforts shall show our appreciation of it both by the superiority of our clothing and the moderation of our prices. PIANOS! PIANOS!! PIANOS!!!

ATTENTION OF PURCHASERS IS RESPECTFULLY called to a new and gigantic invention in Pianoforte now fully perfected and before the public, known as HALL'S ORCHESTRAL TREMANDO PIANO. The peculiarity of the CELESTIAL PIANO consists in its capacity for *octave playing* with the single finger, an attainment hitherto unknown to the Pianoforte. This extraordinary performance is enabled by the aid of this improvement to produce effects in octave playing that would confound a Thalberg or a Liszt. One of its chief excellencies is its capacity to be used at will as an ordinary Piano of the sweetest quality of tone, and is instantly changed by the use of a common pedal to a combination so thrilling and majestic as to captivate and charm the heart. These instruments are superior in power to two ordinary 7 octave Pianos, while for sweetness, purity, breadth and richness of tone, they challenge the competition of the world.

This is the united testimony of Professors and Amateurs who have tested the Celestial Piano. Ordinary Pianos of all sizes, new and second hand for sale at reduced prices

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently
Read the following from Messrs A. McClure & Co, wholesale and extensive dealers in Drugs, Medicines, &c
ALBANY, July 27, 1852
This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil Patent Medicines, &c, was consumed by *fire*, so rapid and so severe was the fire that we were unable to close one safe until Mr Pohlman subsequently entered at the peril of his life and closed the doors
After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured
We have so much confidence in the security of the Fire King, that we shall have it immediately replaced

ALBANY, Dec 30, 1852
This is to certify, that on the 7th day of May, 1851, I purchased of J McB Davidson, No 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers) were examined, and found to be perfectly preserved—not a leaf of my books being scorched

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence

The People Themselves

have long since adopted it as the only external remedy they could rely upon and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
When it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The [illegible] nerves are made to vibrate with joy

Use the Mustang Liniment.

is the spontaneous advice of all
It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint but appears to give vigor and elasticity to the limbs, before [illegible] down—thus performing a double office
For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammation, it is unrivalled in the power and efficacy of its operation
For Bruises, Sprains, Cuts, Scalds and Burns but a few applications are necessary in order to effect a total cure

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases should be careful in getting the right article to cure them

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind galls, big heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil, &c
The finest horses in the city of New York will be found in the stables of the various Express companies, and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificates to its favor
This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial

THERE is no Druggist or Country Store keeper
Who pretends to be punctual to at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.
The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest.

The citizens of the Union suffer much from disorders of the Liver and Stomach. I say frankly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. These celebrated Pills are wonderfully efficacious in the following complaints —

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints by Medicated Inhalation. Dr CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past ever known to man— It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents]
The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N Y, Dec 20th, 1853
For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it I was suffering under one of my most violent attacks and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is, TRY IT

CONSUMPTION CURED.

NEW YORK, Dec 27th, 1853
I came to New York in the ship Telegraph, my native place is St John, New Brunswick, when I reached this city, my health was very poor, had a very bad cough, raised a great deal of matter, which was frequently mixed with blood, had pain in my left side and was very weak and emaciated. My friends and physicians pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life — Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it JOHN WOOD
Sold by BOYD & PAUL, No 40 Cortlandt street, C H RING corner of John street and Broadway, N Y. Price $3 a package
N B —Any person inclosing $3 to Boyd & Paul, or Curtis & Perkins, N W York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States, [illegible]

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY
DR. E. N. TRIST,
WITH HIS CELEBRATED
HYGEN & OXYGENIC VAPOR!

DR TRIST, (late) [illegible] of the Royal College of Surgeons in London and [illegible] of [illegible] *des Invalides* of Paris having, settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and *successful experiments* in England and France, and as well as other parts of Europe, with *Consumption in all its forms*, enable him to warrant not only relief, but *complete cure* to all those suffering with this great national disease
Dr TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons
'*Take up thy bed and walk!*'
Dr TRIST would say to those interested that he has had manufactured, for the use of his patrons, his "*Patent Inhaling Tube*," through which the vapor is conveyed to the parts affected, and which he earnestly recommends for the cheering results which have attended their use, and the *fact* that they may be used by the most feeble invalid without any unpleasant symptoms
To those residing out of the city Dr Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms
A cure is warranted in all stages of *Consumption Bronchitis Asthma* and all other *affections of the Throat, Lungs* and Air Passages. In case of failure, the money will be returned

HIGHLYIPMORTANF ANNOUNCRMENT.

To the Afflicted Everywhere,
DR. A. L. ADAMS' LIVER BALSAM
COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so culpably immured in darkness and ignorance on the subject of disease

DR. A. L. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the citizens of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, *Dropsical Affections*, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c
Dr A L Adams Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered! (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere
Testimonials come up from every town it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease and at once procure one bottle of Dr A L Adams' Liver Balsam
The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States giving a clear epitome of the causes and cure of disease, also, certificates of those who have tested its unparallelled ascendency over the diseases to which we are all subject

SEPTEMBER 15.—We take pleasure in informing the public that we have taken possession of our new building, erected on the site of our former warehouse, which, together with the entire stock, (amounting to about $200,000) was destroyed by fire on the 25th of October, 1851. Our present building occupies a larger space, is much more convenient and commodious, and is stocked with the most comprehensive variety of new and fashionable fall and winter clothing ever offered in this city, and to which the attention of the trade is respectfully invited. Our Boys, Youths, and Children's department is much enlarged, with every description of the latest styles, suitable for the season. In addition to the above we have opened a new department for the sale of Furnishing Goods, which is replete with every article appertaining to that line. Our warmest thanks are due for the liberal patronage we have hitherto received, and we trust that our future efforts shall show our appreciation of it both by the superiority of our clothing, and the moderation of our prices. To buyers for all we are offering great inducements. F. L. ROGERS & CO., Wholesale Clothiers, 121, [illegible] Fulton Street corner of Nassau. oct9 [illegible]

PIANOS! PIANOS!! PIANOS!!!

ATTENTION OF PURCHASERS IS RESPECTFULLY called to a new and gigantic invention in Pianofortes now fully perfected and before the public, known as Hart's Celestial Piano, standard Piano. The peculiarity of the CELESTIAL PIANO consists in its capacity for *octave playing* with the single finger, an attainment hitherto unknown to the Pianoforte. The most ordinary performer is enabled by the aid of this improvement to produce effects in octave playing that would confound a Thalberg or a Listz. One of its chief excellencies is its capacity to be used at will as an ordinary Piano of the sweetest quality of tone, and is instantly changed by the use of a common pedal to a combination so thrilling and majestic as to captivate and charm the heart. These instruments are superior in power to two ordinary 7 octave Pianos, while for sweetness, purity, breadth and richness of tone, they challenge the competition of the world.

This is the united testimony of Professors and Amateurs who have tested the Celestial Piano. Ordinary Pianos of all sizes, new and second hand for sale at reduced prices.

FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July 27, 1852

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire, so rapid and so severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO

ALBANY, Dec 10, 1852

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

P. J. CLAASSEN,
Importer of Wines, Cigars, &c., Broadway, Albany

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

This Safe received the highest premium—a silver medal at the Fair of the New York State Agricultural Society which was held at Albany, September 1850. Also a medal and diploma for the best burglar and fire proof safe at the same Fair held at Utica, for 1852.

Raymond, Ward Co will receive orders for Davidson's Fire and Thief Proof Bank and Vault Doors. dels

This is to certify that on the 25th of September last we purchased of [illegible] Rice Esq., one of Mr. J. McB. Davidson's Fire King (No 4 Single Flange), that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. On opening the safe we found all our papers, consisting notes, letters and receipts, perfect and entirely legible.

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—its healing covers everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon and the inhabitants to claim any of thousands fast sweeping away.

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy.

Use the Mustang Liniment.

is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint but appears to give vigor and elasticity to the limbs, before not known—thus performing a double cure.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammation, it is unrivalled in the power and efficacy of its operation.

For Bruises, Sprains, Cuts, Scalds and Burns but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind galls, big heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express companies, and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate to its value.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store Keeper
Who pretends to keep medicines at all,
But what keeps a constant supply of the

Mexican Mustang Liniment.

The small size retails for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small
The large holds nearly three times as much as the medium,

Therefore the largest bottles are the cheapest.

THE AMERICAN'S FRIEND!

HOLLOWAY'S PILLS.

To the Citizens of the United States.—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,

38, *Corner of Ann and Nassau Streets New York.*

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps the most handsome in the World at a certain period lose their teeth and good looks while yet in the hey day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box.

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING.

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the soundest health.

These celebrated Pills are wonderfully efficacious in the following complaints.—

Ague	Dropsy	Liver Complaints	Secondary Symptoms

PATENT MEDICINES

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for six months past ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it I was suffering under one of my most violent attacks and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is, TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853

I came to New York in the ship Telegraph, my native place is St. John, New Brunswick; when I reached this City, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physicians pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance on the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD

CONSUMPTION CAN BE CURED, AS TREATED BY

DR. E. N. TRIST,

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of [illegible] the *Faculté de Medecine* of Paris, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and *successful experiments* in England and Ireland as well as other parts of Europe, with *Consumption*, in *all its forms*, enable him to warrant not only relief, but *complete cure* to all those suffering with this great national disease.

Dr. TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the spokes and dangerous compounds hourly [illegible] incompetent persons.

"*Take up thy bed and walk.*"

Dr. TRIST would say to those interested that he has had manufactured, for the use of his patrons, his "*Patent Inhaling Tube*," through which the vapor is conveyed to the parts affected, and which he earnestly commends for the cheering results which have attended their use, and the *fact* that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of *Consumption, Bronchitis, Asthma* and all other *affections of the Throat, Lungs* and Air Passages. In case of failure, the money will be returned.
